

DDF

Leak Detector Fluid

DDF has been developed for the rapid and reliable detection of air and gas leaks from all types of pipework and vessels. Non-flammable and 100% Ozone Friendly, DDF is safe for the user and for the environment. DDF is water based and contains anti-corrosion agents to ensure that metals and painted surfaces are not attacked.

- Allows the immediate detection of leaks
- Non-flammable and ozone friendly; safe to use
- Convenient aerosol packaging allows use in the field
- Will not affect substrates; contains anti-corrosion additives

<u>Description</u>	<u>Packaging</u>	<u>Order Code</u>	<u>Shelf Life</u>
Leak Detector Fluid	400ml aerosol	DDF400	24 Months

Directions for Use

Shake the aerosol can vigorously before use. Spray sparingly onto the area to be inspected. If a leak is present, bubbles will form. DDF is a water based product. Protect from frost, and do not store at temperatures below 5°C.
